To avoid dismissal of the appeal, applicant must file IN TRIPLICATE a complete new brief in compliance with 37 CFR 1.192(c) within the longest of any of the following three **TIME PERIODS**: (1) **ONE MONTH or THIRTY DAYS** from the mailing date of this Notification, whichever is longer; (2) **TWO MONTHS** from the date of the notice of appeal; or (3) within the period for reply to the action from which this appeal was taken. **EXTENSIONS OF THESE TIME PERIODS MAY BE GRANTED UNDER 37 CFR 1.136.**

2. ☐ The brief does not contain a statement of the status of all claims, pending or cancelled, or does not identify the appealed claims (37 CFR 1.192(c)(3)).
3. ☐ At least one amendment has been filed subsequent to the final rejection, and the brief does not contain a statement of the status of each such amendment (37 CFR 1.192(c)(4)).
4. ☐ The brief does not contain a concise explanation of the claimed invention, referring to the specification by page and line number and to the drawing, if any, by reference characters (37 CFR 1.192(c)(5)).
5. ☐ The brief does not contain a concise statement of the issues presented for review (37 CFR 1.192(c)(6)).
6. ☐ A single ground of rejection has been applied to two or more claims in this application, and

 - (b) ☐ the brief includes the statement required by 37 CFR 1.192(c)(7) that one or more claims do not stand or fall together, yet does not present arguments in support thereof in the argument section of the brief.
7. ☐ The brief does not present an argument under a separate heading for each issue on appeal (37 CFR 1.192(c)(8)).

DETAILED ACTION

1. The brief does not contain a statement of the status of an amendment filed subsequent to the final rejection as required by 37 CFR 1.192(c)(4). Since there have not been any amendments filed subsequent to the final rejection mailed on 23 May 2003, a simple statement explaining this should be contained under the heading "Status of Amendments".
2. The rejection of claims 1, 4 and 5 stand or fall together because appellant's brief does not include a statement that this grouping of claims does not stand or fall together and reasons in support thereof. See 37 CFR 1.192(c)(7). If Applicant does not wish for the claims to stand or fall together, a statement must be included explaining why each claim is considered to be patentably distinct.
3. The brief does not contain, for each rejection under 35 U.S.C. 112, (second paragraph), an argument which specifies the errors in the rejection and how the claims particularly point out and distinctly claim the subject matter which applicant regards as the invention.
4. The brief does not contain, for each rejection under 35 U.S.C. 103, an argument which specifies the errors in the rejection and, if appropriate, the specific limitations in the rejected claims which are not described in the prior art relied upon in the rejection, and an explanation how such limitations render the claimed subject matter unobvious over the prior art. If the rejection is based upon a combination of references, the argument must explain why the references, taken as a whole do not suggest the claimed subject matter, and shall include, as may be appropriate, an explanation of why features disclosed in one reference may not be properly combined with features disclosed in another reference. A general argument that all the

limitations are not described in a single reference does not satisfy the requirements of 37 CFR 1.192(c)(8)(iv).

5. The brief does not contain a copy of the claims involved in the appeal in the Appendix. This copy is a requirement and said claims must be added to the brief.

6. Appellant is required to comply with provisions of 37 CFR 1.192(c).

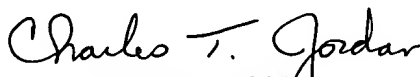

To avoid dismissal of the appeal, Appellant must comply with the provisions of 37 CFR 1.192(c) within the longest of any of the following TIME PERIODS: (1) ONE MONTH or THIRTY DAYS, whichever is longer, from the mailing of this communication; (2) within the time period for reply to the action from which appeal has been taken; or (3) within two months from the date of the notice of appeal under 37 CFR 1.191. Extensions of these time periods may be granted under 37 CFR 1.136.

7. The examiner acknowledges that prosecution is being conducted by the appellant *pro se*, and encourages said appellant to contact the examiner with questions or concerns.
